Extra Requirements

All staff over 50 years should have:

- Rectal examination
- 1x Haemoccult stool test at £25 – to identify blood as a screening test for colon cancer.

BLOOD GROUP IS NOT PART OF THE REQUIREMENT BUT CAN BE DONE AT AN EXTRA £40 IF REQUESTED ON THE DAY OR IN ADVANCE.

Overview:

Booking for 1 hour:

Full medical examination according to the **Carnival Medical Questionnaire** that involves BP, pulse, height, weight, listening to the heart, listening to the lungs, checking the abdomen, checking the testicles in males, breast examination in females, check of the nervous system, looking in the eyes, looking in the ears, basic hearing test by whisper and basic smell test. In some cases it may also be appropriate to do a colour blindness assessment. Urinalysis will be done but not a PR (unless indicated); urine dipstick result should be given on a separate sheet of headed paper). **We also give a Euromed Urine Drug testing questionnaire for you to fill out.**

Tests to be carried out as outlined below:

1) All Male Staff:

- a) **Blood tests:** We use either Profile 1 or 2 depending on whether PSA does apply to the individual or not.

Profile 1: CC1: FBC / LFT / GLUCOSE / U&E

- Hep B Surface Antigen:
- Hep C antibody:
- HIV 1 & 2:

Profile 2: CC 2:

- FBC / LFT / GLUCOSE / U&E
- Hep B Surface Antigen:
- Hep C antibody:
- HIV 1 & 2:
- PSA

b) **Urine Drug test:** using **Euromed Diagnostics Drug Screen** Card 5011 is a SureStep™ dip & read multi-test, testing for ten drugs of misuse – Amphetamine (at the 1000ng/ml cut off) Barbiturates, Benzodiazepines, Cocaine, Methamphetamine, Methadone, Morphine (at the 300ng/ml cut off), Phencyclidine, Tricyclic Antidepressants, and Cannabis.

c) Additional tests:

- **X-Ray:** You only need a chest x-ray if you are NOT a UK/ US or Canadian born national OR if your past history indicates the need for one.
- **ECG:** Male 40 and over
- **PSA:** Male 50 and over: PSA
- **MMR:** Proof of MMR vaccination if not available **MMR vaccination** to be done and proof of it to be attached to the medical form.

2) All Female Staff:

Tests to be carried out as outlined below:

As for male except see below.

c) Additional tests:

- **X-Ray:** You only need a chest x-ray if you are NOT a UK/ US or Canadian born national OR if your past history indicates the need for one.
-
- **ECG:** Female 45 and over
- **Pregnancy dipstick** test if applicable
- **MMR:** Proof of MMR vaccination if not available **MMR vaccination** to be done and proof of it to be attached to the medical form.
